Alpha . . . the symbol for the beginning. Perrysburg High School is making a new beginning in many ways. Most obvious of these is the new construction. During the last year, an additional gymnasium was built and construction of a classroom addition was begun. Besides the construction, Perrysburg is beginning a new varsity sport — soccer, bringing to 15 the number of varsity activities. Earth science, computer math and photography are new curriculum offerings. With seven new teachers at the high school, the building also saw 100 new students enroll this year. May 30, 1979, seniors made a new beginning away from school, a beginning which had its start at Perrysburg High School.

SENIORS . . . opening doors to the future.

Senior Memories 1979

Memories spring to mind whenever we think of the fun things we did in our senior year:

. . .Like those t-shirts we bought in September and wore the whole year through,

. . .and how about the car wash we had, splashing more water on ourselves than the cars.

. . .Do you remember the faculty-senior basketball game? Luckily we had pity for the elderly or they would never have won.

. . .What about our beautiful senior hall during Maumee Week? We won first place, remember?

Nobody can beat the seniors of 1979. Look at the gift we gave to our school -- six brand new showcases for the second floor.

I guess we'll always remember our years at Perrysburg High School.

Kathy Cook looks surprised that Patty Fishbaugh admires her artistic endeavor.

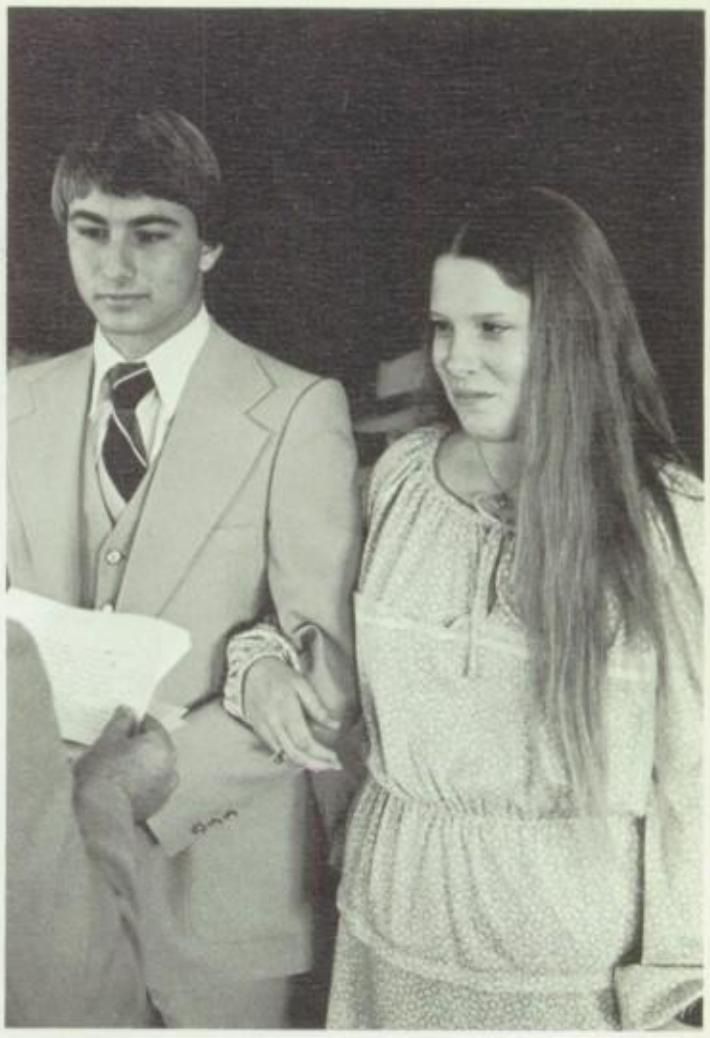
Seniors stage a Panther "funeral" during Maumee Week.

Peter Wise and his date appear to be enjoying the football homecoming dance.

Kathy Verkin ponders some serious business during newspaper class.

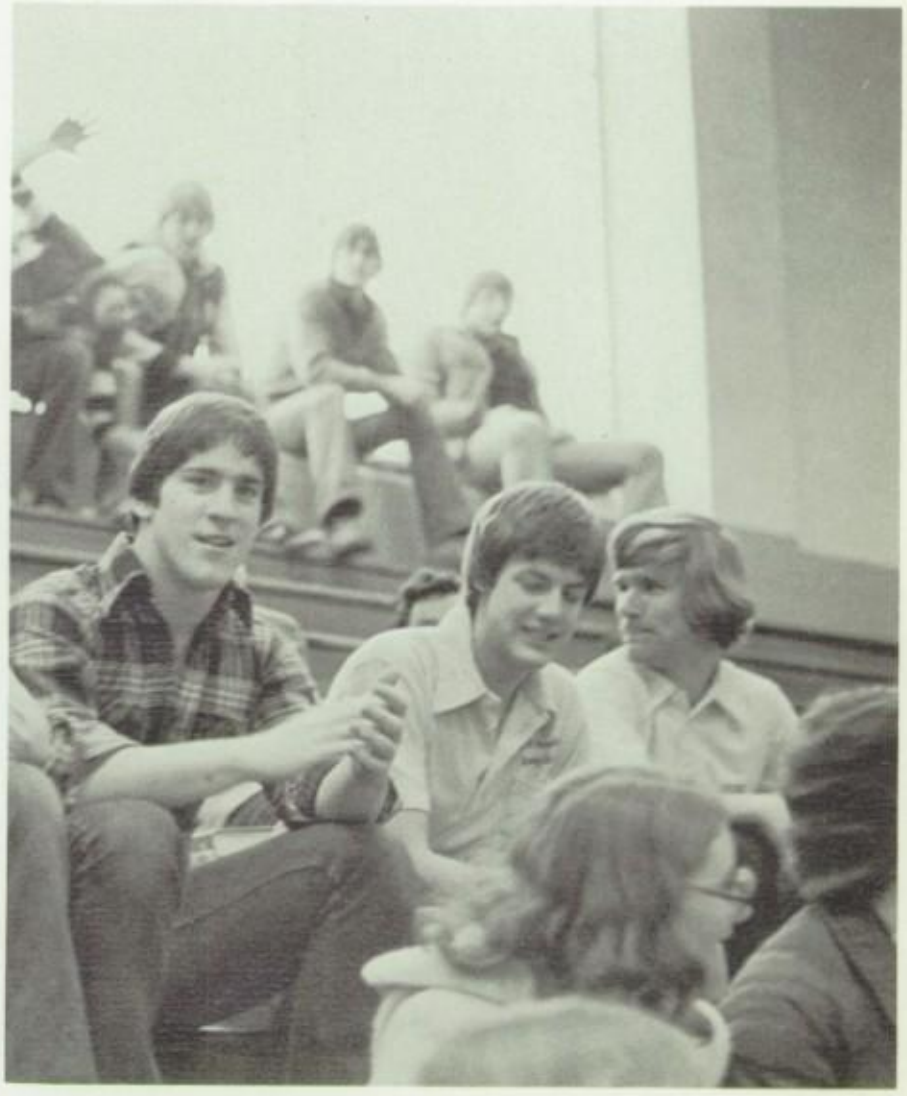
Is Rod Mercer thinking about another football game?

Bruce Hoffman enjoyed the food service program at Penta County.



Jeff Kistler and Valeria Bugbee take vows for their one-semester "marriage" — a social communications class project.

Vic Jones just heard a good joke.



Doug Jones, Chuck Schmidt, and Mark Smith contribute to senior spirit during a pep assembly.

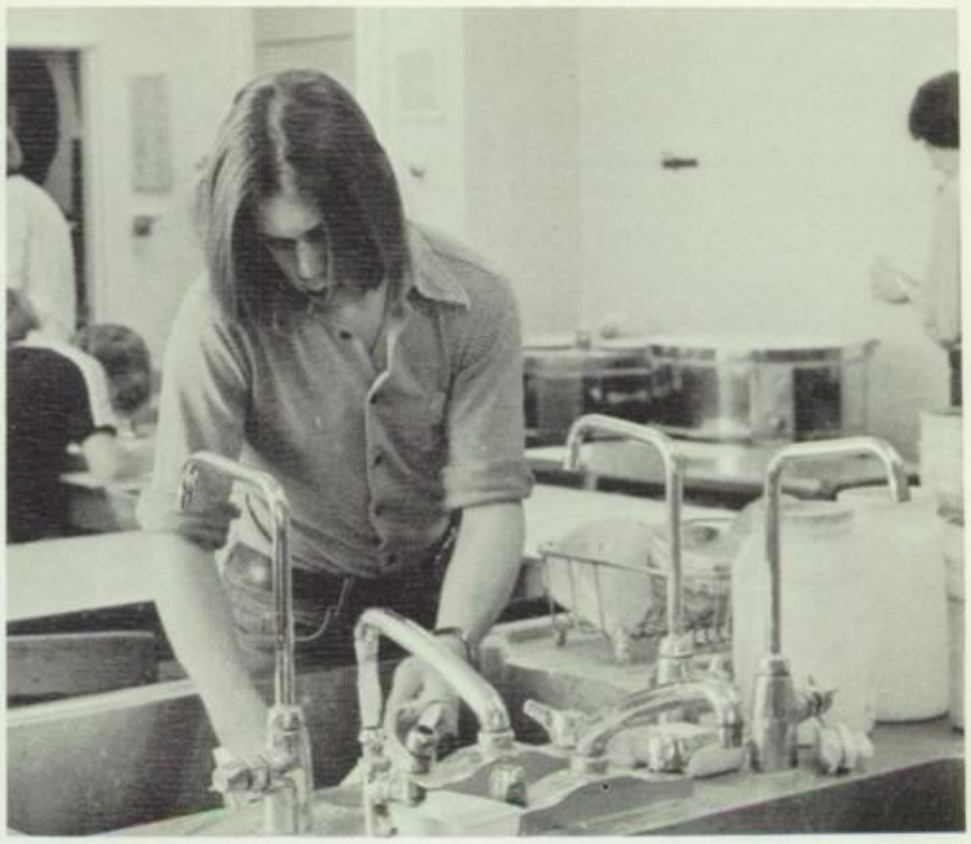
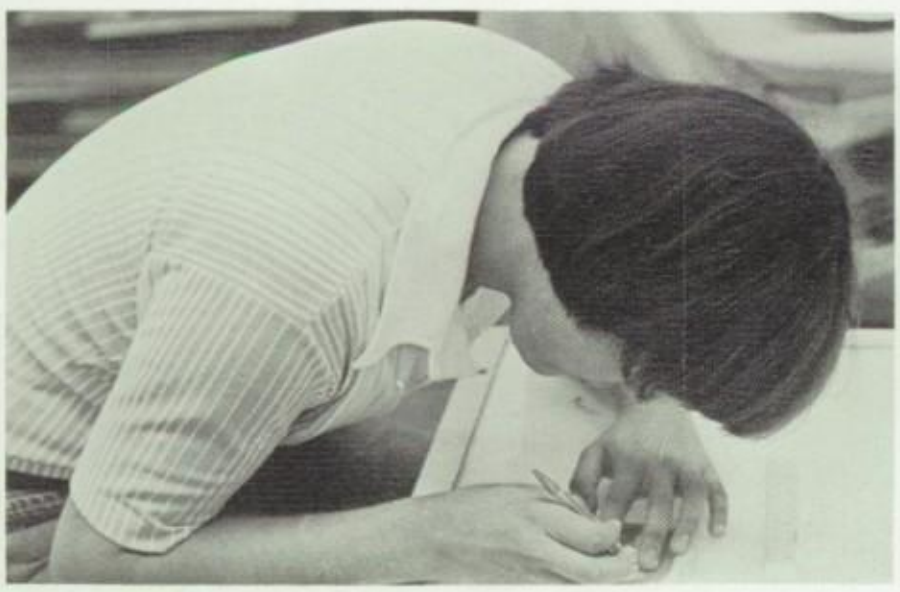
The senior class was an active and energetic group. Top Left: Seniors are determined to show the faculty who's the best. Top Right: Lucille Cooper and Amado Parawan show off the clothing styles of their native countries. Both were exchange students for the 1978-79 school year. Lucille is from Liberia while Amado is from the Philippines. Middle Left: Lisa Rothschild and Linda Somers enjoy the challenge of a mathematical problem. Middle Right: Lynn Gumpf makes another typing mistake. She had plenty of typing experience on the *Somethin'* and *Words, Wisdom and Wit* staffs. Lower Right: Greg Kuhr finds out how easy it is to sew. Horray for E.R.A.!!!





Seniors played the leadership role well. From Top, Left to Right: Carl Howald, Brent Wagener, and Scott Melvin try to sell their product in consumer education. Brian Woodworth cleans up in ceramics class. Later in the year, the art classes were disrupted somewhat by the work on the new addition. Mark Pickard has the roles reversed when a photographer catches him at Winter Coronation. He was a shutterbug for both the newspaper and the yearbook. Karen Gross is always busy with senior class business. Many hours were devoted to organizing activities such as the faculty-senior basketball game, t-shirt sales, car wash, dance-a-thon for charity, and many others. Ted Hanson learned how to do a correct layout in shop class. Students learned to prepare material for the offset press, including making negatives and plates. Who's the lady Jeff Priest, a la Al Capone, has on his arm? Athletes continued the tradition of dressing up this year on the day of the game.

'Reminiscing' Provides Prom Theme

The Perrysburg High School Junior-Senior Prom was May 26, at the University of Toledo Student Union. Music was by Tangent, with the theme "Reminiscing."

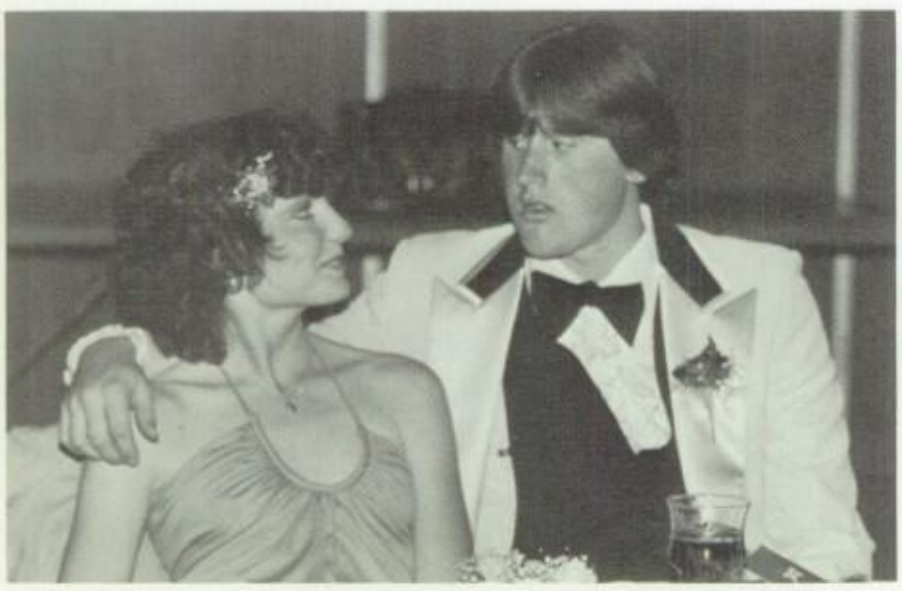
Serving on the prom committee were juniors Laura Waible, Debbie Kohl, Cindy Fraley, Cathy Wise, Rachel Alteneder, Karen Irwin, Becky Schonlein and Pam Warfield.

Mr. Tom Colvin was the faculty member in charge of supervising the event.

Gage Walker was a ham at the dance much as he is on the stage. His date was his steady friend, Jenny Fischer.

Tangent provided the music for the evening. They played a wide variety of styles and, with several lengthy breaks, played until 12:30.

Pete Wise and his date Lisa Fraley, seemed to enjoy the dance. The baseball team, of which Pete was one of the star players, concluded a successful season just prior to the prom.



Bridget Zeiter and her date enjoyed "reminiscing" as well as dancing.

Margie Stewart and Jerry Bihn relaxed during the breaks the band frequently took.

Everyone seemed to have a good time during the prom, sponsored by the class of 1980. Smiles, like these, were in abundance.

If a prize was given for most original costume, Mary Tobias would have won. She and her date came dressed alike!

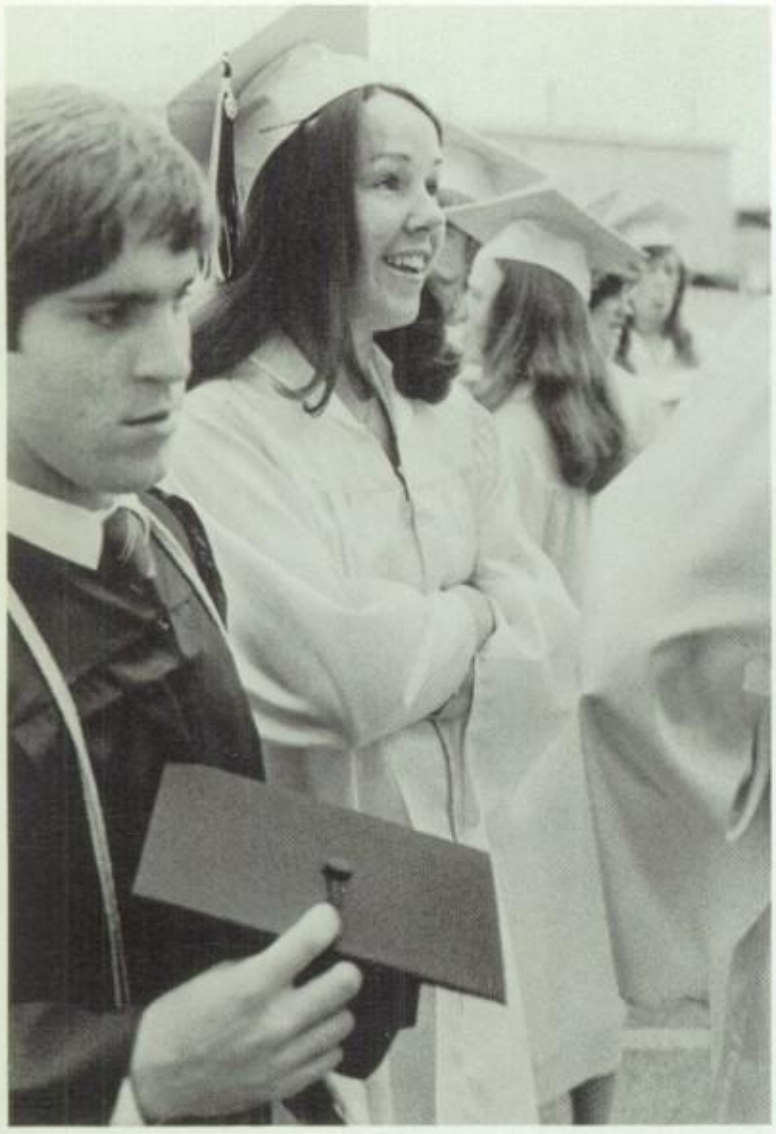
While members of the senior class were invited to the event, underclassmen also turned out for the evening.

The band changed the rhythm several times and when they did Pam Warfield and exchange students Toby Olsson and Amado Parawan were ready.

They could have danced all night . . .

. . . with the date of their dreams.

Class of 1979 Concludes Year

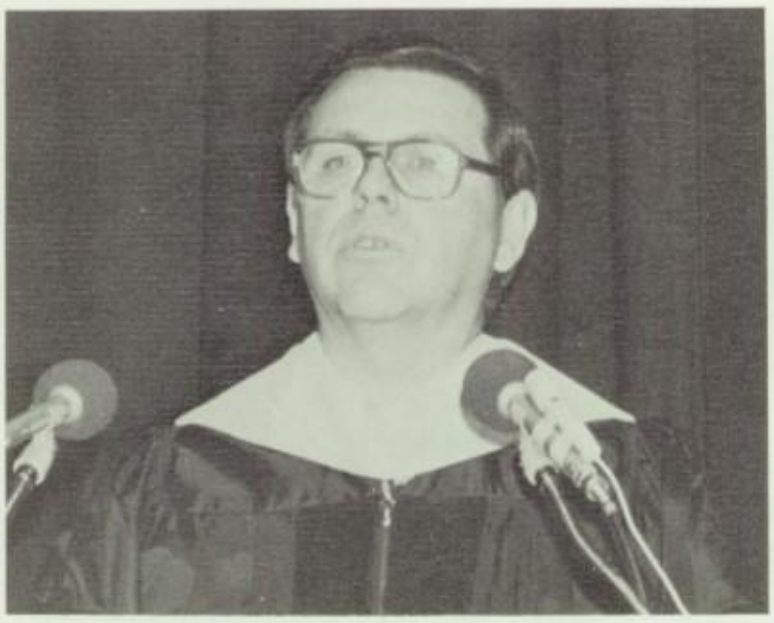


The commencement exercises for the class of 1979 was on June 2, at Toledo's Masonic Auditorium.

Guest speaker was former Congressman Charles Kurfess. Mr. Robert Hotchkiss, president of the board, presented diplomas.

The class motto was: "Do not follow where the path leads rather, go where there is no path and leave a trail" (Anonymous).

With 114th Commencement



Gowned in the school colors of black and gold, the class chose burgundy and white for their class.

For Dr. Ronald L. Overfield, superintendent of schools, it was the last commencement he would address at Perrysburg. With his daughter Carol among the graduates, he had earlier announced his resignation to accept a position with Boardman Schools near Youngstown.

In Memory of Those We Will Always Remember . . .

Don't forget . . . but remember . . .

Valerie Martin

Scott Hetrick

Don't say farewell to the one that has died, for he lives eternally in our minds and in our hearts.

We remember things he said to us, things he did for us.

We hear his words and his laughing and see his smile live forever on.

I've been prepared for many years for death. I've learned it's a part of life, natural and unpredictable. I was taught that death took people from a world of unhappiness and suffering to a world of only joy and peace. I've heard the expression cry at the birth, celebrate a death. I try to believe what I hear, but nothing, nothing loses the pain outraging.

The tragedy struck,
The pain is hard.
The tears fell.
The loneliness was felt.
The tragic details
scar my memory.
I feel the pain hurting.
The tears still fall here.
The loneliness
is there.

Board of Education Oversees Opening of New School

For the Perrysburg Board of Education, the 1978-'79 school year had many "new beginnings." Probably the most exciting was the opening in March, 1979, of Perrysburg's third elementary school, Woodland.

The board also saw one of its members, Mr. Robert Brown, elected to the state legislature. In order to carry out his new duties, he resigned his board position, and Mr. John Kevern was appointed to fill the vacancy.

It was a year for negotiations between the board, the faculty and the non-certified employees. Many hours were spent in negotiating sessions before a final package was agreed upon.

With Mr. Joseph Klein, clerk of the board, overseeing finances, the second gymnasium at the high school was opened in November, 1978, and work proceeded on the new classroom wing on schedule.

Remodeling of the existing high school structure is scheduled for the summer months.

Dr. Ronald L. Overfield
Superintendent of Schools

Walter, state superintendent of instruction, was the guest speaker at the Woodland School dedication. Woodland is Perrysburg's third elementary school and is located on White Road.

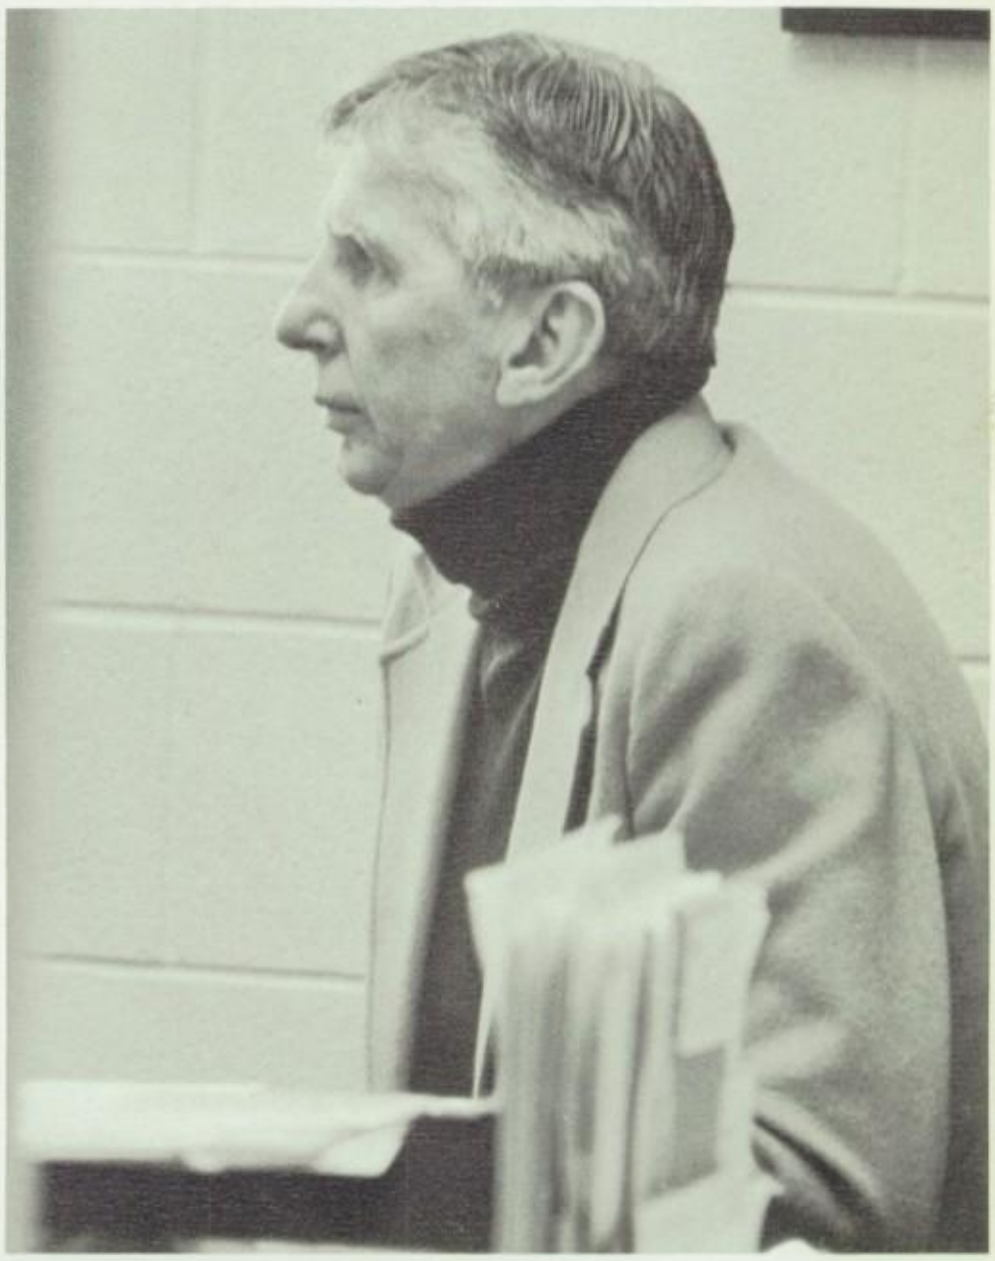
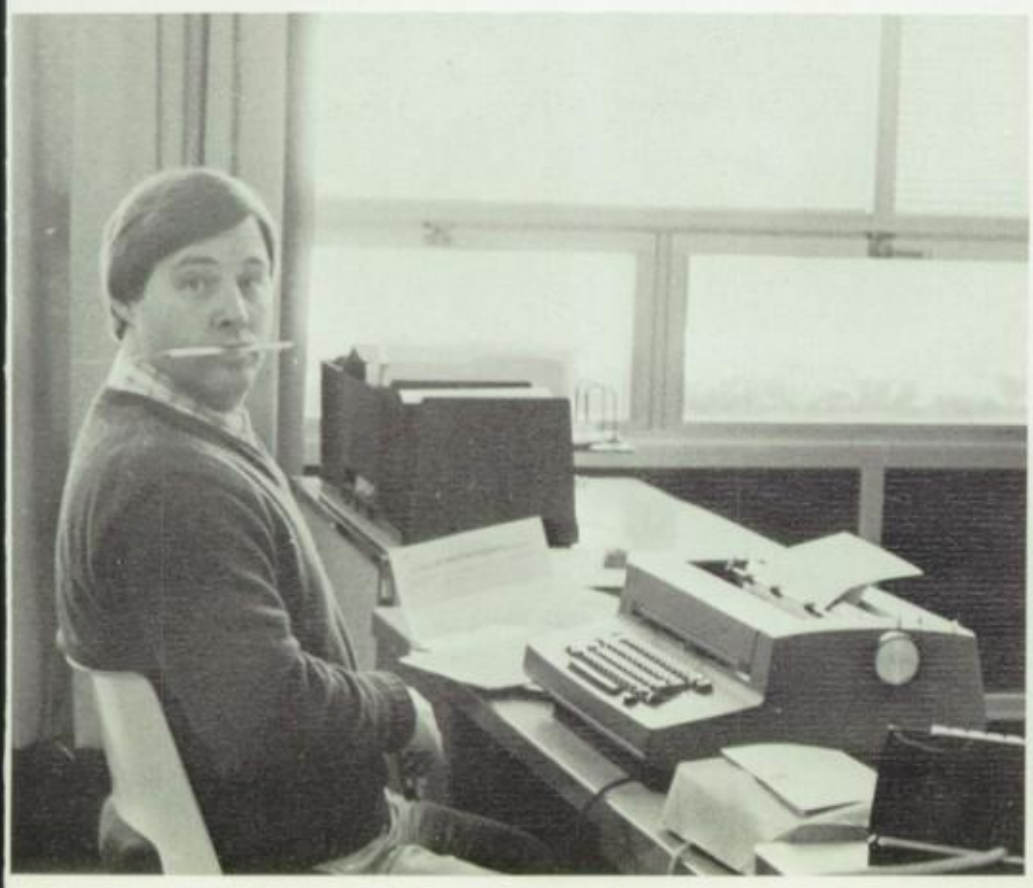
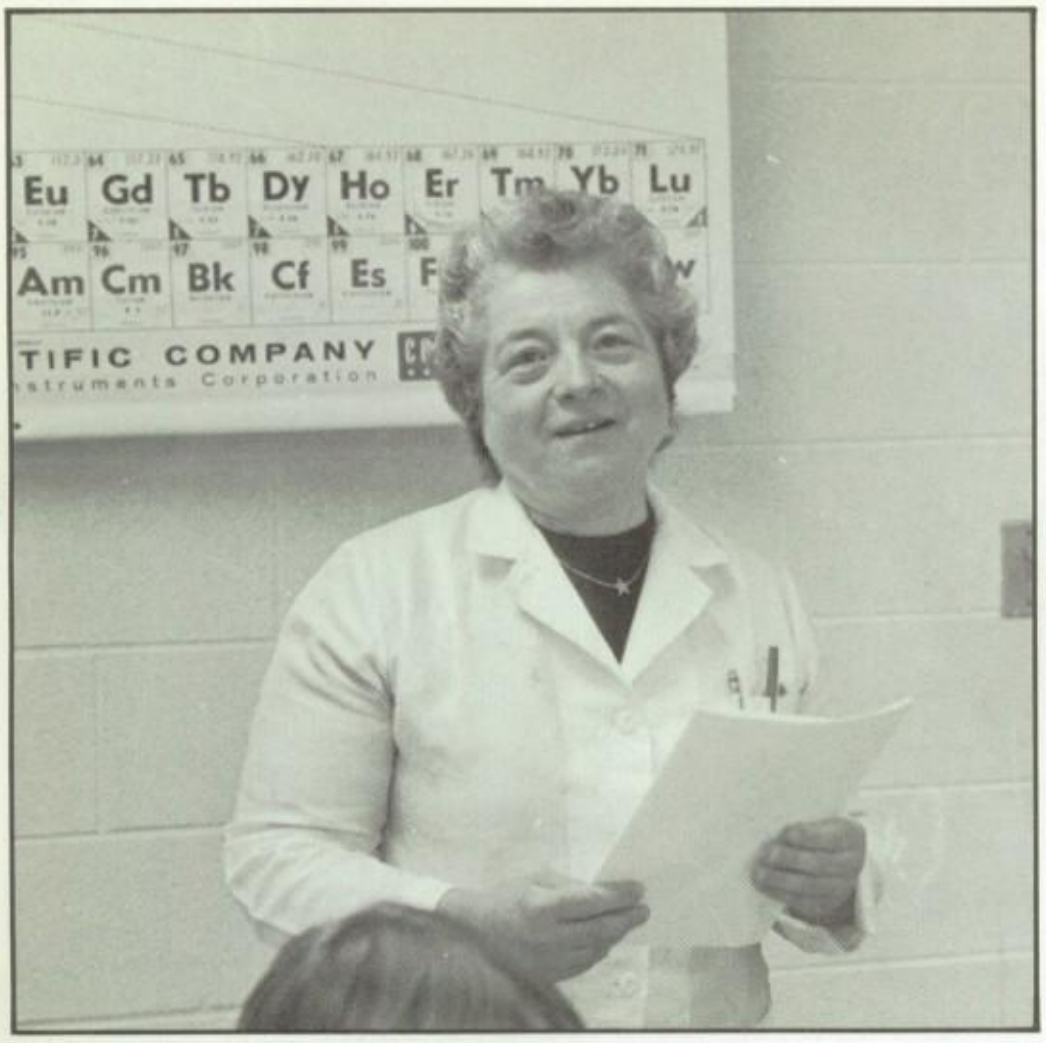
Johnson, Arendt and Marriott qualified to participate in the regional evaluation on April 21. Johnson placed 4th, Mariott 5th and Arendt 7th out of a total of 30 drivers.

Preparing and serving nutrious meals is the prime responsibility of the cooks. This year the cooks not only made the regular meal, known as the special, but, due to the new lunch program, they also made salads, soups, hot and cold sandwiches and sacked lunches. The new menu was enthusiastically received by the student body.

Just Being Ourselves







Miss Mary Ann Louy, chemistry

Retiring To Make

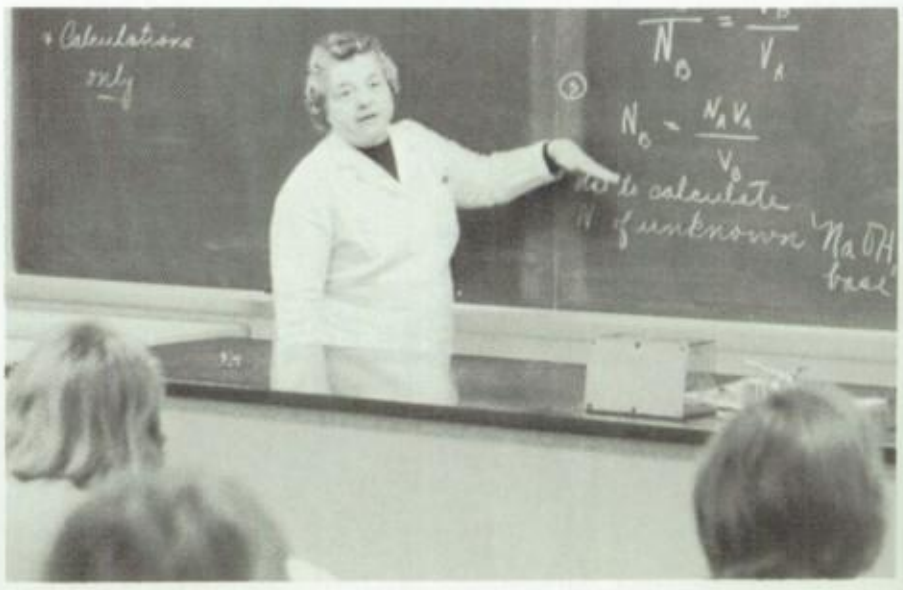
Miss Mary Ann Louy retired after 25 years in the Perrysburg Schools. For the last several years, she has taught chemistry.

Miss Louy said that she entered the field of chemistry because she saw it as a practical use for mathematics. "I also enjoyed the surprise reactions that occur."

Miss Louy attended a private high school and commented, "I tried to get the most I could out of my years in high school. I took as many classes as I could."

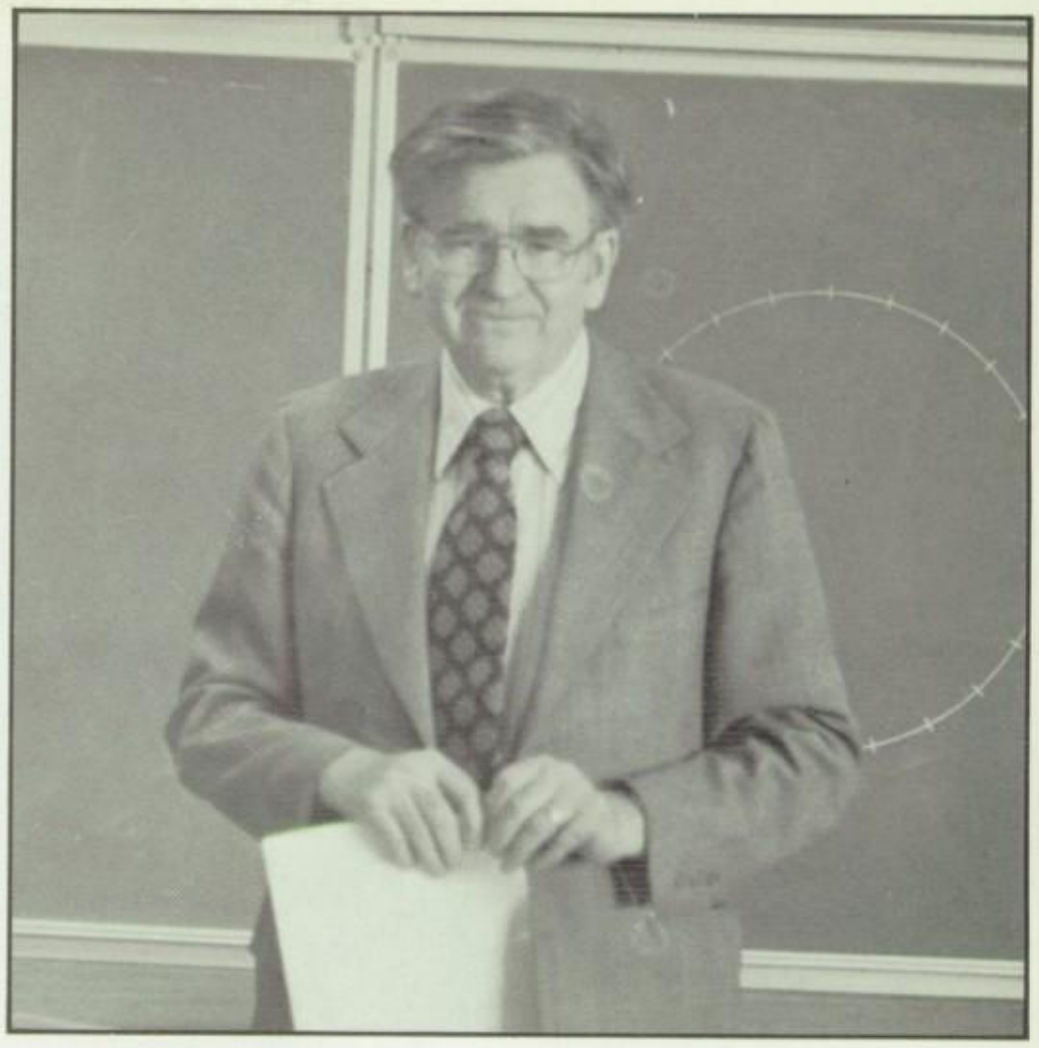
She didn't stop there, however. She received her bachelor's degree from DeSales College and her master's from the University of Toledo. She did post graduate work at seven colleges and universities including the Case Institute of Technology, the Universities of Notre Dame, Detroit, St. Louis, Bowling Green, and the College of Wooster and Beaver College. In addition, she taught in the American Dependent Schools, Fukuoda, Japan: was a member of the national committee that prepared the American Chemical Society-National Science Teachers' Assoication Cooperative Exam for high school chemistry in 1967, and was Central Regional President for Saint Joan's International Alliance. She is also past president of the Perrysburg Education Association.

When asked what advise she would give future high school students, Miss Louy remarked, "Make the most of your years in high school. Take subjects that require work, those that make you think. Learn to exercise self-discipline, because you'll never really be a mature person until you can discipline yourself."



Gone But Not

A New Beginning



Mr. Hance Rogers, mathematics

Mr. Hance Rogers retired at the end of the 1978-'79 school year after teaching at Perrysburg since 1954. He specialized in teaching higher mathematics.

Besides teaching the higher levels of mathematics, Mr. Rogers also taught physics for several years. "I have always enjoyed the upper levels of math the most," Mr. Rogers mentioned. "I have taught all subjects in the fifth, sixth, and seventh grades."

Mr. Rogers had a wide range of teaching experiences. He has taught in four schools in all phases of education from grade school to the University of Toledo, and he also taught in Michigan and Tennessee as well.

Mr. Rogers had been teaching five years when he entered World War II. After the war, he entered the University of Toledo to finish his bachelor's degree and earn a master's degree. Mr. Rogers was a faculty member at UT prior to coming to PHS. He has the unique distinction of teaching math in every student level from grade school to the college senior. He has also taught both his children and one of his seven sisters.

After retirement, Mr. Rogers will continue to be active in real estate, an interest he has had for many years.

Referee signals Jacket touchdown in the game against Anthony Wayne which the Jackets went on to win.

Jacket football is one of the most popular sports at PHS. The season of 1978 had its ups and its downs. The ups included victories over many of the NLL oponents. These were recorded over Bowling Green, Springfield, Anthony Wayne, Sylvania Southview, and Rossford. Four of those victories were shutouts.

The low point came when the Jacket machine fell to the Lake Flyers, and, the Jackets' arch-rival, the Maumee Panthers. Lake took the field in bright, new jerseys with the words "BEAT PERRYSBURG" printed above the numbers. The inspiration proved enough to gain the win for the Flyers. The Panther game turned out to be a contest between defenses.

Perrysburg placed four members on the first team NLL. Seniors Rod Mercer, Doug Jones, Brian Pummill, and Pete Seibenick won the top NLL spots. Sophomore Jim Heilman was named to the second team.

Honorable mention in the league went to Troy Melot, Steve Pheasant, Jeff Priest, Jase Sweede, Greg Kuhr, Eric Tudor, Jim Jacoby, Dave Wilson, Phil Kokinakes and Glen Sutton.

The team finished with a fine 7-3 record. The offense was the most productive in the county, as well as in the league, and the defense was second in the county against their opponents, as well as second in the NLL.

"This year's football team can walk with their heads up and be proud of many accomplishments. No, we are not the league champs — this year. But, as usual, we were league contenders and we are winners," commented Head Coach Chuck Pratt on the season.

Kathy Kaczor led this year's girls cross country team to a 4th place finish at the State tournament, November 4. Kathy's excellent time of 14:40 was enough to earn her a third place standing in a field of over 80 girls. Overall the team finished second in NLL meets.

The boys team also had an outstanding season. They finished the year undefeated in dual meets and second in the NLL meet. Qualifying for the State district meet were John Schmidt and Dave Presar. Coach for the girls and boys cross country teams was Mr. Dave Thompson.

The boys' tennis team had a very successful year in 1979. Two members were able to advance to the sectional quarter finals as doubles: Mark McCamey and Tom Hudgins.

The overall standings for the varsity team was 7-5. In the league, the team was able to attain a 4-3 season. According to Mr. Harlow, "this was our first real winning season. Before, all we were able to do was teach fundamentals. This year Miss Debbie Diroff took care of the basics and I was able to work on a more individual basis with the varsity team, which helped us in the end. In seasons' past the main goal was to develop a program and then develop a team. We finally accomplished our goal. Now we must build the team, and become as good as Maumee and Southview."

Jackets End Season On Strong Note

The varsity basketball season was full of the unexpected. The Jackets only expected one thing — to win. Things looked grim early in November when the campaign opened, but the Jacket game plan was improvement. After dropping the first five contests, the Jackets finally hit the victory trail on December 12, when they defeated Anthony Wayne on the General's court.

Undoubtedly, the most exciting game of the season was when the team traveled to Maumee. Maumee's famous "monkey drill" didn't bother the Jackets. While the Panthers were monkeying around, Perrysburg's team was in the locker room making plans. With Pete Wise pumping in a career high of 26 points, the Jackets upset the heavily favored Panthers, 44-42.

The Jackets also surprised the Bowsher Rebels during tournament play. Before the game a *Blade* sports writer counted the Jackets out of the game. But Perrysburg embarrassed the writer and the Rebels with a 49-44 victory. Two days later, the Jackets fell just short of beating City League Champ Start.

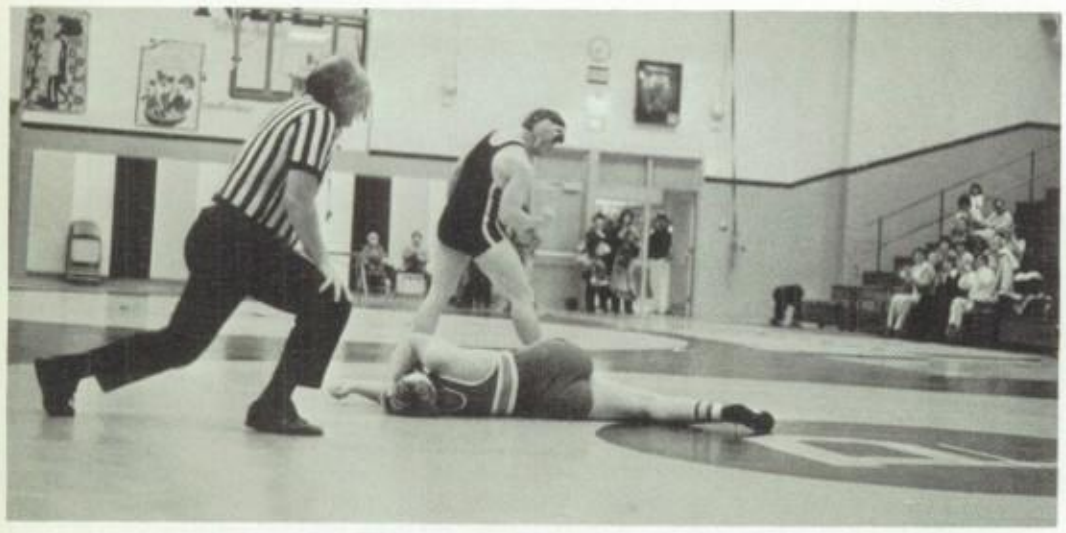
Wrestling At Its Finest



With a rookie coach at the controls, Coach Hreben had experienced as well as young wrestlers to work with during the '78-'79 season.

Rod Mercer, Mark Wendle and Dan Utt were a strong group of seniors who presented excellent leadership. Rod wrestled in his rookie season as a senior. Rod placed second in the NLL as the heavyweight.

Mark Wendle was a district qualifier this season, the second straight year for the accomplishment. Mike Steman, a junior, was also a district qualifier.

Dan Utt led the team in take downs and pins. He was also named the most valuable wrestler of the team by his teammates.

Junior Phil Kokinakes won his third consecutive NLL Title and was a sectional champion this season.

Rick Leibich was chosen as the most improved wrestler by his fellow teammates.

Coach Hreben ended the season with one of his famous quotes, "The more times you put steel through fire, the stronger it gets!!"

Soccer Club Coached For First Season

Mr. Kiraly discusses strategies before a game.

Mr. Larry Kiraly was Perrysburg's first soccer coach. He had the club practicing since March 12. The club consists of 13 boys and 5 girls, most members are just starting in soccer.

The club was used to give experience to the members for next year's varsity team. This year Perrysburg got a pair of soccer goals, so matches can now be played at home instead of Divine Word Seminary, where matches had previously been played.

For the third consecutive season, the cinderman captured the Northern Lakes League crown.

In the past three seasons, no challenger has beaten the Jackets in dual competitions. The Jackets, in three seasons, have won 27 meets in a row.

Chuck Schmidt, Jeff Priest and Pete Seibenick were co-captains of the '79 team.

Bret Howland, Jim Hufford, Tim Smahaj, Toby Olsson, Joe Farguharson, Doug Jones, Chris Delph, Pat Jensen, and Rod Collins all proved to be an excellent group of seniors for leadership.

Chuck Schmidt was voted the most valuable trackster by his fellow teammates, and was also named the outstanding senior by the coaches. This is the first season that both the coaches and athletes selected the same cinderman.

In their second year as a varsity sport, trapshooting gained tremendous popularity. The team consisted of 29 members, 22 boys and 7 girls. The year was highlighted by many outstanding individual and team accomplishments.

Sophomore Marty Flynn led the team most of the year with consistently high scores and a top score of 24 out of 25 in a match against Wayne Trace on January 31.

Scott Melvin shot a 24 out of 25 to lead the Perrysburg shooters to a team score of 106, the highest team score the Perrysburg group has shot and the second highest score in the league.

Female trapshooters were probably the most successful with a 3-0 record and the Lakeland's League championship. Shooters Bridget Zeiter and Lida Kopp were named to the Lakeland's League all-star team.

Perrysburg varsity took second place in the First Annual Centerville Open with Dave Chesney, Dave Cremer, and Scott Melvin each shooting 44's. Dave Cremer received a first place trophy by defeating his teammates in a shoot-off. Perrysburg also took second place in the Buckeye Championship Shoot which Perrysburg's Coach Dave Beck helped organize.

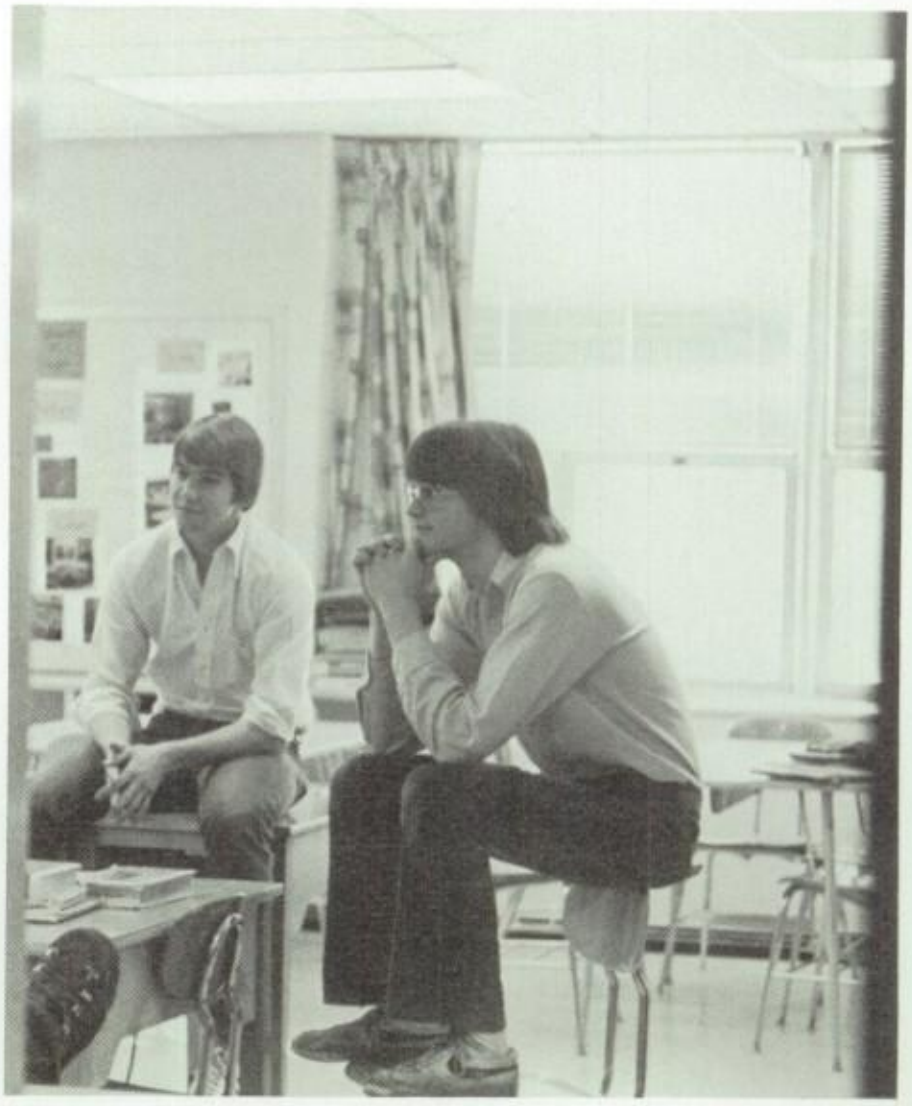
Are The Juniors Here?

Junior Class Sponsors Prom

The class of 1980 made many plans and worked very hard for their prom. Work started on the prom after Homecoming and Maumee Week. To raise money this year, they sponsored a chili dinner on Jan. 19, prior to the Rossford basketball game.

The prom was a culmination of many fund raising activities, beginning when the students were freshmen. Because of the money raised earlier, the prom was a big success. The Toledo University Student Union was the site chosen for the 1979 prom.

Missy Young pays close attention in class.



Steve Pheasant and Ken Stanford ponder the meaning of life.

ARE THE SOPHOMORES HERE?

Sophomores: Rowdiest Class At PHS

During the 1978-1979 school year the sophomores came in second in the hall decorating contest. This contest took place during Maumee-Perrysburg week. They ran a close race for first place against the senior class.

The sophomores also came in first place during numerous pep assemblies for being the rowdiest group of students. Their "class spirit" helped cheer them on.

Sock-hops, during the football and basketball seasons, helped raise money for their class fund and made the class coffer the wealthiest in the school.

Are The Freshmen Here?

Frosh Put On Candy Sale

Traditionally, the freshmen classes at PHS raise money for their class fund by having a candy sale . . . this year's frosh were no different.

Though their reserve supply of candy was delayed for a week just one day after the sale began, the frosh never lost spirit or became bored with the project.

Several students won prizes in the sale, which is described as one of the most successful at PHS.

Among other things the class of 1982 plans to use the money for the 1980-81 junior-senior prom and for a gift to the school following their graduation.

Frosh brush up on English skills.

Freshmen class officers are: Diane Studer (pres.), Chris Sandor (v. pres.), Julie Maupin (sec.), and Michelle Slykhuis (treas.).

Prior to this, the band had spent a week practicing 7½ hours a day at Bluffton College during their summer band camp.

Also during the summer, the Marching Commodores participated in the Pro Football Hall of Fame Parade in Canton, Ohio. They performed at the Bowling Green State University Band Day and the Marching Band Festival at the Toledo University Glass Bowl.

Ten halftime shows were the highlight of the fall marching season. Friday, October 27, was the seniors' last home football game. Both parents and seniors were recognized during pre-game activities.

During both competitions, the band had to perform three selections they had prepared, and also a piece in sight reading.

This was the first time since 1966 that a Perrysburg band attended state competition.

Senior Concert was Wednesday, May 23. The band performed at that, and the senior awards were given out. The last time the P.H.S. Concert Band performed together was June 2, at the Masonic-Commencement.

This year's vocal music members not only sounded terrific, but also looked fabulous. Choir members wore black disco slacks with gold sweaters. Jazz Ensemble members wore black slacks topped off with a pink ruffled tuxedo shirt and black vest.

In October, the choirs were the guest singers for the Northwest Ohio Education Association. The group was also involved in an exchange concert with DeVilbiss, Ottawa Hills and Sylvania Southview High School's on October 29, 1978.

The busiest month of the year was December. Southwyck Mall was the first concert and the following day the group traveled to Abundant Life Nursing Home to perform for the people there.

The women from the Jazz Ensemble taped a song written by Mrs. Kathy Thomas, who teaches at Frank Elementary, called *"Christmas Around The World"* on December 13, 1978.

Choir's final formal concert of December was taped and then broadcast over the radio on Christmas morning.

Rogers High School was the location for district choir competitions. The men's group received a superior rating, the women's group an excellent rating, and the mixed group got a superior rating.

When the men's ensemble and mixed group received superior ratings at district competition this enabled them to continue on to state competition. State competition was at Upper Sandusky and both groups received excellent ratings.

Choir members put in a lot of hours preparing for contest.

Thespians & Drama Club

Leaving reality behind, the drama club enters a world of fantasy and imagination. Many of the members participated in one of the drama productions: ALICE IN WONDERLAND, Nov. 11; the musical GODSPELL, April 6, 7 & 8; and a musical review, "The Best of Broadway," May 19.

To support the theater season, drama club followed tradition by continuing their annual sales of lifesaver lollipops, bagels and candy canes.

For participating in theatrical productions, drama club members receive points. After amassing enough points, students can become a member of the International Thespians.

Another outcome of this year's programs is the realization that math and science can be fun. Probability, games of chance, "luck", and computer games, including "Star Trek", were just a few of the activities of the Math-Science Club directed by their faculty advisor Mr. Hance Rogers. Representatives of Teledyne CAE and the University of Toledo were among the guest speakers who visited the club's meetings.

Cooperation Is Strength Behind Blood Drives

"Singularly, the most important factor behind the success of the blood drives, on November 6, 1978 and February 23, 1979, was the total cooperation of the people who make up Perrysburg High School," stated Mr. John Hrivnyak, coordinator of the blood drives.

Faculty, administration, alumni, students and service staff members contributed a total of 187 pints to the Red Cross.

Ninety students gave blood for the first time, providing a new beginning to someone else.

A wheel of fortune was used to present problems in each couples lives. Simulation was used to help students examine their motives, values and goals.

The class took trips to the city of Chicago, Storer Camps and a raft trip on the Youghlogheny River in Pennsylvania.

During the semester class, each student was assigned to a community service project, which enabled each student to get out into the community and learn to work with people and their problems.

Seniors Rod Collins and Lynn Gumpf did their community service project at St. Theresa's pre-school in Toledo. Every Wednesday, Social Communications students would go to the school and help the children make and learn things, sing songs and play games. It was a learning center for both the pre-schooler and the senior.

He could be
learning the business.

Kids have energy and brains to burn. They get to an age when they're beyond toys and games. They get caught up in real things, when someone gives them a chance.

That's what Junior Achievement is all about. Mini-companies formed, run and staffed by kids. Kids who dream up products and product applications the world can really use.

LOF is always looking forward. To the tomorrows that will require new products and new people to make and market them.

Looking toward the future...

As supplies of natural gas and oil continue to grow scarce, electricity will play an even larger role in meeting the expanding energy needs of our society. That's why Toledo Edison is developing new sources of energy, such as nuclear power, and planning ahead for the power needs of 1990 and beyond.

We're determined to meet this challenge and provide the best possible electric service for your generation and others that follow.
